A MISTAKE.

The article published last week branded stating that Hugh E. Wilber and Miss Bessie J. That's the Profit—Copper, the Article— Mexico, the Country. "El Progresso" in its group of six mines has some of the richest copper ores in the richest mining country in the world. Ore runs 12 per cent copper, 12oz. silver, a trace of gold, total value, about \$43 a ton, and in two of the mines, in addition to copper and silver, ore contains 3 per cent to 5% per cent quicksilver or merculy, about \$105 a ton. The great Lake Superior copper mines—Calumet, and Hecla, Wolverine and Tamarack, Quincy, etc.,—that annually return millions, run only from \$3 to \$13 a ton.

Entire capital stock of United Verde was offered for \$150,000 and refused. Senator Clark, later, paid \$260,000, and to-day he has annual income from this property of over \$13,000,000.
